Tern GSD P10 Gen3 - £3,919

School Bus Yellow, Olive Green or Midnight Blue

The new GSD takes the family electric cargo bike to a whole 'nother level. Smarter than ever and packing even more muscle with a re-engineered frame that handles a max gross vehicle weight of 210 kg (463 lb), it'll help you carry 2 loved ones and weekly grocery hauls with newfound ease—but it's similar in length to a regular bike to remain surprisingly manageable. Bosch Cargo Motor 85Nm and a 500Wh Battery. Bike weighs 34.64kg

Tern GSD S10 Gen3 - £4,915

Olive Green or Midnight Blue

The new GSD takes the family electric cargo bike to a whole 'nother level. Smarter than ever and packing even more muscle with a re-engineered frame that handles a max gross vehicle weight of 210 kg (463 lb), it'll help you carry 2 loved ones and weekly grocery hauls with newfound ease—but it's similar in length to a regular bike to remain surprisingly manageable. Featuring Bosch ABS braking & Bosch Smart System Cargo Motor 85Nm and a 545Wh Battery. Bike weighs 34.64kg

Tern Quick Haul Long D9 - £2,915

Ice Grey, Satin Black or Traffic Red

The Quick Haul Long is a compact cargo bike for +2 passengers. It is designed for families and can carry 2 children. It has a 190 kg MGWV and is equipped with the Bosch Cargo Motor 85Nm Torque and a 400Wh Battery. Quick Haul Long retains the core features of the GSD – +2 passengers, Bosch premium* drivetrain, longtail cargo space, solid kickstand, lower decks, Tern Accessory System compatibility – but most importantly at a much lower price. Bike weighs 29.3kg

Tern Quick haul D8 £2,250

Blue Grey or Merlot

The Quick Haul is a built-to-last compact e-bike that's ready to tackle your daily grind. It makes doing stuff by bike practical, easy, and fun—so you'll reach for it just about every day. It's designed to help you carry passengers and cargo with ease, and it's a joy to ride. A compact, space-saving design simplifies storage and transport. The Quick Haul features an extra-long rear rack with a 50-kg (110 lb) capacity, using a Bosch Active Plus motor 50Nm and a Bosch 400Wh battery. Bike weighs 22.8kg

Tern Quick haul P9 - £2,585

Gloss Olive or Blue Grey

Same as the Quick Haul D8 but with an upgrade to a Bosch Performance **65Nm** motor and Bosch **400Wh** Battery. Bike weighs 22.9kg

Tern HSD Gen2 P10 - £3,415

Tabasco Red or Blue Green

Mighty But Mini - The second generation HSD is the right amount of bike if you want the benefits of a cargo bike but still fancy the convenience and handling of something less bulky. Lean and nimble, the HSD is shorter than a regular bike yet capable of hauling a max gross vehicle weight (MGVW) of 180 kg (397 lb). Bosch Performance motor with **75Nm**, detachable and easy-to-understand Intuvia 100 display, 1x10-speed Shimano Deore groupset with trigger shifter & Bosch PowerPack **545wh** battery. Bike weighs 27.6kg

Tern HSD Gen2 P5i - £3,665

Sea Breeze

The HSD P5i shares many of the features of the P10 but moves to a smooth, silent and virtually maintenance-free Gates CDX belt drive, coupled with a Shimano Nexus 5 speed internal hub gear. Bike weighs 27.9kg

Tern Orox S12 - £4,915

Olive Green

The Orox adventure cargo bike defies extreme conditions to keep you going—no roads needed. This tenacious trooper packs up to two XL batteries to power you through extended off-grid explorations, and redefines what's possible by bike with a massive Max Gross Vehicle Weight of up to 210 kg (462 lb) for best-in-class cargo capacity. The S12 comes with 12 speed Shimano gearing. Bosch Cargo Smart drive unit, with **85Nm** of torque and a **725Wh** Battery. Weight 34.4kg

As there are many optional accessories available to suit differing needs it is best to take a look at the Tern website or speak to a sales person in store.

Moustache Lundi 20 Cargo 3 - £3,929

An evolution of the original Lundi 20, Cargo 3 retains all its key strengths while offering even more comfort and ease of use every day. Its new lowered frame is super easy to step over. The reinforced front suspension, brand-new kickstand, still positioned at the rear for maximum stability, is a breeze to activate. Featuring the Bosch Cargo line Smart system **85Nm** and Powerpack **545Wh** battery. Max gross weight 200Kg, Weight 33Kg

Bergamont eCargoville LT Edition - £3,585

The latest update of this robust all-rounder with a lower step-through and a new battery concept. Versatile and individually configurable. Confident riding characteristics thanks to a stable frame construction, strong braking performance, and a maximum system weight of 190 kg. Option to mount a second battery to increase range. Featuring the Bosch Smart Cargo motor (**85nm**), massive **545wh** Battery and Purion 200 display. Shimano Cues 10spd gearing and Magura 4 piston brakes. Choose from Bergamont's range of accessorise to tailor this bike to your needs. Approx. weight 36.5Kg. Max gross weight 190Kg.

Bergamont eCargoville LJ Elite - from £5,380

Moving big things with ease: User-friendly Enviolo Cargo Automatic internal gear hub and low-maintenance belt drive make riding a pleasure, even with a load. Option to mount a second battery for increased range. Featuring Bosch Cargo Line Gen4 **85Nm** Drive Unit, Powertube **750Wh** battery & Kiox 300 Colour display. With the long load unit fitted, EPP box & kids bench, 2 kids can be carried with ease. Rain canopy, bike cover & cargo accessories available. Max gross weight 220Kg. Weight 30.9

Benno Remi Demi - £2,700 (Last one, was £3,333) Coral Pink

The electric motor changes how bikes ride, what you can do with them and what they are allowed to look like. Fat, small tyres are no longer slow and hard to ride; they are fun, grippy and offer lots of cushy suspension. Low step-through frames are cool and convenient. The Remi Demi was designed to shed those old and outdated beliefs. The unique and iconic lines of the pragmatic frame design give it a fresh yet timeless and simple look. Featuring Bosch Performance **65Nm** drive unit and **400Wh** powerpack. Weight: 30kg

Benno 46er - £3,600

Wasabi Green, Denmin Blue or Bone Grey

Swift, smooth and strong, the athletic 46er makes it look easy-hauling a load or just hauling down the road. Front suspension makes short work of uneven terrain, while an oversized rear rack expands your cargo options to give you unequaled capability in a standard-sized bike. It features a Bosch Gen4 Performance CX drive unit **85Nm** torque, **500wh** Powerpack. Fits a wide range of riders 5'1"/155CM – 6'3"/190CM. Maxs gross weight 420LB/190KG (RIDER+CARGO+BIKE)

As with the Tern range, Benno have lots of accessories available so best to head over to their website .

Why buy from us?

We pride ourselves on being knowledgeable about the bikes we sell, when a new model is released, we test them to check the realistic Guernsey range as we all know you can't go anywhere here without meeting a hill. Included in our price is a free tune up service after 200 miles of purchase, free courtesy electric bike when yours is in for maintenance and a full back up of parts to help keep you on the road.

Please remember to regularly check tyre pressures (best to check the side wall for the pressure range and we advise 10psi less than max pressure) also degreasing and lubricating the chain every month is advisable.
