Also please note the following regulations regarding eBike usage in Guernsey:

In accordance with The Motor Vehicles (Electrically Assisted Pedal Cycles) (Exemption) (Guernsey) Law, 2002 and subsequent The Motor Vehicles (Electrically Assisted Pedal Cycles) (Exemption) (Guernsey) (Amendment) Regulations 2016.

2. (1) An electrically assisted pedal cycle within the meaning of this Law shall not be driven on a public highway by a person **under the age of fourteen.**

(2) A person who –

(a) drives such a pedal cycle; or

(b) knowing or suspecting that another person is under the age of fourteen, causes or permits him to drive such a pedal cycle,

In contravention of subsection (1) is guilty of an offence and liable, on summary conviction, to such penalty as he would have incurred had he been convicted of an offence under section 22 of the 1987 Law.

The definition of 'electrically assisted pedal cycle' –

(c) is fitted with no motor other than an electric motor which –

(i) has a continuous rated output which, when installed in the vehicle with the nominal voltage supplied, does not exceed 0.25 kilowatts (250 watts), and

(ii) cannot propel the vehicle when it is travelling at more than 15.5 miles per hour.
